Modifications to the School Dress Code

Students who, for religious or health reasons, may wish to modify the school dress code are required to make an appointment with the Deputy Principal or designated staff member. Staff will be informed of any student granted a temporary modification to the dress code. Parents of students seeking long term changes or continued non-compliance with the School Dress Code will be required to meet with a panel of School Board members to resolve this issue.

Students not following the dress code will receive:

- Assistance/support in planning clothing, and if necessary lent a school shirt/shorts to wear
- A letter will be sent home to parents advising that students are not in compliance with the School Dress Code.
- Counseling from a designated staff member on the benefits of a dress code
- A pass for an agreed time for dress modification while appropriate uniform is purchased

It should be noted that students must be in full school uniform to be able to participate in any school excursion as this is a standard element of risk management strategies for all such activities.

Students clearly not following the school dress code may be denied the opportunity to represent their school at official school activities or participate in non-curriculum based activities e.g. school ball, reward excursions, camp or socials.
